

WINE CATALOG

Craft, organic, and natural selections

2020 — COLLI BERICI, VENETO

Anguana (Veneto IGP White)

Blend: 60% Garganega, 40% Chardonnay

Vineyards: Organic, 25-35 year old vines trained with a cordon system on calcareous-clay soils.

Vinification: 30-day maceration with spontaneous fermentation (indigenous yeasts) in steel. 40% of the Chardonnay is aged in used French oak barrels for 9 months.

Specifications: 12.5% ABV, total production of 2,500 bottles. Unfiltered, low sulfites.

Il Nocciolo (Rosso IGP Veneto)

Blend: 60% Tai Rosso, 20% Cabernet Franc, 20% Merlot

Vineyards: Organic for the Tai (35 years old, guyot system); Cabernet and Merlot from 55-year-old vines grown on a pergola system over clay soils.

Vinification: Separate vinification in steel with spontaneous fermentation, followed by 9 months in used French oak barrels before bottling.

Specifications: 13% ABV, total production of 3,000 bottles. Unfiltered, low sulfites.

2021 — COLLI DEL TRASIMENO, UMBRIA

Menio (*Rosso IGP Umbria*)

Blend: 100% Sangiovese

Vineyards: Organic, 30-year-old vines grown on a double cordon system in rocky-calcareous soils.

Vinification: Spontaneous fermentation with indigenous yeasts (25% whole cluster with stems) in concrete. Aged for 18 months in used French oak barriques.

Specifications: 14.5% ABV, total production of 1,200 bottles. Unfiltered, no added sulfites.

Agilla (*Bianco IGP Umbria*)

Blend: 70% Grechetto, 30% Vermentino

Vineyards: Organic, 25-year-old vines on a single guyot system (Grechetto on rocky-calcareous soil, Vermentino on clay).

Vinification: Spontaneous co-fermentation with indigenous yeasts in concrete, along with 30 days of skin maceration.

Specifications: 13.5% ABV, total production of 2,800 bottles. Unfiltered, no added sulfites.

Giano (*Rosso IGP Umbria*)

Blend: 70% Sangiovese, 30% Ciliegiolo

Vineyards: Organic, 35-year-old vines trained with a cordon system on clay soils.

Vinification: Grape varieties are vinified separately in concrete tanks via spontaneous fermentation and subsequently blended before bottling.

Specifications: 14.5% ABV, total production of 1,200 bottles. Unfiltered, no added sulfites.

2022 — BRISIGHELLA, EMILIA ROMAGNA

Zaclen (*Sparkling White*)

Blend: 95% Trebbiano Romagnolo, 5% Albana di Romagna

Vineyards: Organic Albana, while the Trebbiano comes from 25-year-old abandoned vines on a double-arch guyot system in clay-limestone soils.

Vinification: Spontaneous fermentation with indigenous yeasts, with must added at bottling for the sparkling process.

Specifications: 11.5% ABV, total production of 1,000 bottles. Unfiltered, no added sulfites.

Azdora (*White*)

Blend: 100% Albana

Vineyards: Organic, 20-year-old vines cultivated on a double-arch guyot system in clay-limestone soils.

Vinification: Spontaneous fermentation with 15 days of skin maceration in steel. 25% of the wine matures in used French oak barrels.

Specifications: 13.5% ABV, total production of 1,500 bottles. Unfiltered, low sulfites.

2023 — COLLI BERICI, VENETO

Magari (*Sparkling White from red grapes*)

Blend: 100% Tai Rosso

Vineyards: Organic, 20-year-old vines (single-arch guyot) grown in silty-clay soils rich in calcareous rocks.

Vinification: Soft pressing for a natural "blanc de noir," followed by spontaneous fermentation and the addition of must at bottling for the sparkling process.

Specifications: 11% ABV, total production of 1,400 bottles. Unfiltered, low sulfites.

2024 — BREGANZE, VENETO

Trigeo *(White)*

Blend: 100% Vespoaiola

Vineyards: Organic, 20-year-old vines (double-arch guyot) grown in volcanic and gravelly mineral well-drained soil.

Vinification: Spontaneous fermentation with 10 days of skin maceration in steel. 25% of the wine matures in used French oak barrels, 75% in ceramic amphora.

Specifications: 13% ABV, total production of 1,200 bottles. Unfiltered, low sulfites.
